

Kooth Schools Newsletter - May 2022

Mental Health Awareness Week runs from 9th - 15th May 2022

Mental Health Awareness Week is an annual event when there is an opportunity for the whole of the UK to focus on achieving good mental health. The Mental Health Foundation started the event 21 years ago. The event has grown to become one of the biggest awareness weeks across the UK and globally.

The theme for this year's Mental Health Awareness Week is **loneliness**. Loneliness is something we can all experience from time to time, and it is different for everyone.

A YouGov poll (2019) of 13-19-year-olds found 69% said they felt alone "often" or "sometimes" and 59% feel like they "often" or "sometimes have no one to talk to". Supporting young people in recognising when they are feeling lonely, understanding their thoughts and feelings, and identifying the supportive connections they have, is really important.

With this in mind, there are a range of ways in which Kooth can support this week - **ALL FOR FREE** - such as:

1. **Kooth assemblies**, where we talk about mental health and present a tour of the Kooth website to show young people what support is available to them (**live or pre-recorded**)
2. A range of **workshops** such as stress & anxiety, wellbeing, male mental health, anger awareness & anti-bullying.
3. **Staff training** to understand Kooth better, so they feel confident signposting young people to the service if they have any concerns about a young person. This training can be carried out after school hours, during staff meetings or inset days and can include a live tour of the website.

Resources

Please also see below some additional resources for you to share to raise awareness of the free, safe and anonymous support available this Mental Health Awareness Week. You can find more resources, including digital assets to share on your social media pages, at promote.kooth.com

Information for parents / carers

Kooth's London and South East team offer monthly information sessions for parents & carers interested in finding out more about Kooth services. Please provide the link below to parents/carers. Kooth can also provide letters for schools to share with parents / carers explaining what Kooth is and that their child may hear about it through school as a support for them should they need it. Please contact your Kooth Engagement Lead to request these letters and other support resources for parents.

The link for parents/carers to book the free information session can be found here:

These helpful tips from Kooth's clinical team can help parents and carers start to talk to their young people about their feelings.

It can be so tricky to bring up difficult topics, and talking about emotions with your children can sometimes feel more than a little daunting for parents and carers. You may worry about saying the wrong thing, making your child feel uncomfortable, and even worry about making them feel worse. But the fact you want to explore emotions with your child is enough, even if sometimes it doesn't go as you planned!

If this feels familiar for you, you are definitely not alone!

If you want to read more about Kooth and the support we offer for your child or young person, you can download our Parent and Carer brochure [here](#).

Support for Adults - Qwell

Our [Qwell](#) service for adults continues to grow and we are delighted to share that in the London & South East region everyone in Norfolk & Waveney over the age of 11 years can now access support through either our Kooth or Qwell services.

Our latest adult focused report, **Supporting Adults with Stressful Life Events in a**

Digital Service, can also be found [here](#).

If you would like to know more about our Qwell service, please reach out to us at contact@kooth.com

What's on Kooth - May 2022

Each month, [Kooth.com](https://www.kooth.com) has a range of events and discussions that young people can take part in. It's a safe space to voice their opinion and hear the opinions of others. They might give or receive advice from peers. Some of these topics might also be things to have a discussion about as part of tutor time, PSHE, etc.

Kooth's Mini-Activity Hub

"Be part of the Kooth community" this Mental Health Awareness Week. Speak to other young people on Kooth and learn something new. It may also help you when you are feeling alone to feel part of a community.

Step 1: Check out the live forum calendar. Pick a topic you're interested in. The upcoming dates and topics can be found in the News' category of the Kooth Magazine on [Kooth.com](https://www.kooth.com).

Step 2: Join the forum of your choice.

Step 3: Observe the forum and send in a comment (e.g. a thought or a feeling). There is no pressure to comment, you can also just watch and read what's happening.

Step 4: Tried it? Take a moment to think about one thing that went well and one thing that didn't. Share your thoughts with your peers.

Some little Kooth extras.....

You can find Kooth on **Instagram**, as well as on **Spotify & Apple**

Kooth has a range of playlists, from Motivational Mondays to Pride Anthems, which you access on Spotify by searching Kooth_UK
